DETAILED ACTION

Allowable Subject Matter

Claims 7-10 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art represented by Christensen fails to teach or suggest an automatic cleaning system of an organic waste composition device comprising an eject hopper which is adapted to store a recyclable substance and a cyclone which is connected with the eject hopper by a pressure line and is adapted to re-supply a recyclable substance supplied from the eject hopper and therefore teaches away from the claimed invention. Claims 8-10 depend on these distinctive features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
